Important Questions	Answers	Why This Matters:
<p>What is the overall deductible?</p>	<p>\$1,000 Individual/\$3,000 Family Certain out-of-network claims are treated as in-network claims (see page 2).</p>	<p>Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.</p>
<p>Are there services covered before you meet your deductible?</p>	<p>Yes. Prescription drugs, MD Live visits and in-network preventive services are covered before you meet your deductible.</p>	<p>This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply.</p>
<p>Are there other deductibles for specific services?</p>	<p>Yes. \$50 non-accident emergency room deductible after first 2 visits.</p>	<p>You must pay all of the costs for these specific services up to the specific deductible amount before this plan begins to pay for these services.</p>

If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.</p>
<p>What is not included in the out-of-pocket limit?</p>	<p>Medical Coinsurance Out-of-Pocket Maximum: Premiums, balance-billing charges, deductibles, office visit copayments, prescription drugs, non-accident emergency room deductible, chiropractic services, coinsurance for Non-Centers of Excellence organ transplant benefits, cost sharing for hearing aids, and health care that this plan doesn't cover. Important Questions	Answers	Why This Matters:
Will you pay less if you use a network provider ?	Yes.* See www.bcbs.com/find-a-doctor or call 1-800-810-2583 for a list of PPO providers . * Out-of-network providers may be treated as network providers for cost-sharing purposes for out-of-network emergency services , out-of-network providers at in-network facilities , and out-of-network air ambulance costs for emergencies .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
